

# Helping the school

On October 29, the chairman of the Trade Union Committee Natalia Drozdova visited our long-time friends – Secondary School in Stankovo named after Marat Kazey.

The State Enterprise “Precision Electromechanics Plant” and the school have a long-term warm relationship. The children studying at the school are kids of our employees of the State Enterprise living in Stankovo village.

Schoolchildren had the opportunity to visit the Ground Control Station many times. Moreover, in 2018, representatives of the State Enterprise and the school administration organized a joint sports event on the school basis dedicated to the Day of Mechanical Engineering.

**School administration asked for assistance the State Enterprise management in purchasing two bicycles in order to strengthen the material and sports base.** Joint decision by the State Enterprise management and the Trade Union Committee, it was decided to provide this assistance in bicycles purchasing.

Natalia Mikhailovna congratulated the schoolchildren on the end of the 1st quarter, handed over two bicycles to the school director Irina Obraztsova and wished the most athletic, creative and interesting team new achievements and victories.
